To the Honorable Mayor and Alderman of the City of Owese.

I hand you for your consideration and action, a tax receipt on an assessment of five hundred dollers personal property assessed against my self and paid under protest by me. I would say that it is an unjust assessment as I did not have any personal property assessable, nor have I get any. I did not appear before the Board of Review because I did not receive any notice that there would be any assessment of personal property made, and not having any, I did not think it necessary to appear. I ask that your honorable body take the matter under consideration and await your decision.

Thomas P. Mitchell.

State of Michigan, County of Shiawassee, ss—
Thomas P. Mitchell being duly sworn deposes and says that he is a resident of the city of Owosso, and that on the 29th day of January, 1900, he paid under protest to the city treasurer of said city the sum of £2.16, which bill is hereto attached. Deponent further says that said tax was on porsonal property assessed against this deponent for the year 1899. Deponent further says that he was unjustly assessed five hundred dollars for personal property for the reason that he did not have any personal property subject to taxation under the law, but that said assessment was placed against him on account of a mortgage which he had formerly owned, but which had been paid and the money received therefrom invested in the farm covered by said mortgage, that at the time of taking the assessment in the year of 1890, this deponent had invested himoney in farm property and is not in form of personal and that this deponent has paid taxes thereon as farm property. Deponent further says that he had no knowledge that he was assessed five hundred dollars personal property and therefore did not attend the board of review meeting but supposed that he had no personal property subject thereto.

Thomas P. Mitchell.

The eagerness for stock market tips in this speculative era does not abate, and the swindling operator has only to dangle the balt of a big profit before the public to induce the latter to shed their pocketbooks and all their belongings. When will the public understand that reputable, well established brokers never condescend to such disreputable gambling methods in order to attract custom? When will my readers comprehend the fact that the man or firm offering extraordinary inducements and unreasonable rates of interest or profits may be set down at once as a suspicious person, from whom one cannot escape too quickly? -Leslie's Weekly.
